PRIORITY
COMMERCIAL PAYMENTS

CPX® | ACH.COM

Streamline your **payroll** operations with the **most cost efficient electronic payroll payment solution** for your business

Who is ACH.COM?

ACH.COM is a financial technology company that is comprised of a group of Accredited ACH Professionals (AAPs) dedicated to providing an unsurpassed level of service and ACH expertise to their customers.

What is ACH.COM?

ACH.COM is a fully-integrated ACH platform that streamlines processes and sets organizations up for success. It is one of the few processors in the country entrusted with a Fed Terminal onsite, providing earlier return responses and later cut-off times. We provide services to financial institutions, payment processors and directly to organizations.

Why use ACH.COM for payroll payment processing?

Our solutions are built on a modern and flexible technology infrastructure, which allows us to easily scale and support a variety of ACH solutions, including payroll payment processing.

ACH.COM has:

- Safe, reliable and compliant payroll processing (NACHA and SOC compliant)

- 6 accredited ACH professionals (AAPs) leveraging their experience and expertise

- Onsite tier one Fed terminal

- Dedicated client services team

Why use Priority Commercial Payments?

ACH Credits: Standard payroll processing.

Checks: Standard and managed check services.

Instant Payouts: Deliver near real-time push payments from a business's bank account directly to a debit, prepaid or credit card. The recipient can be a contractor, employee, customer or another party.

Ask us how the full Priority Commercial Payments suite of payment solutions and services can help organizations streamline even more of the processes within their accounts payable and commercial payment processes.

The Priority Advantage

As Priority Commercial Payments' proprietary automated clearing house, ACH.COM is the stand-alone ACH service of choice for banks and commercial customers across the country. ACH.COM is also built into CPX, Priority's end-to-end integrated payables solution.
