

Commercial Payments Exchange (CPX)

Priority One

Save time and cut cost with the
Priority single card solution

Meet your new end-to-end solution

Plastic-based card programs allow cardholders to make authorized transactions for purchasing, travel and fleet management.

The Priority One Card can be used for any (or all) of these functions, providing capabilities to manage and control spending.

Purchasing

Travel

Fleet Management

The Priority One Advantage

Benefits for Your Company:

- More security and oversight than typical purchasing processes
- Greater transparency into purchases, travel expenses and fleet cost
- Simplified and automated posting into accounting systems through usage of electronic data
- Increased ability to monitor compliance with corporate buying guidelines

Benefits for Your Card Users:

- Greater efficiency through controlled but independent purchasing authority
- Reduction in paper processes by eliminating POs and cash advances with pre-populated and electronic expense reports
- Confidence in ability to use card anywhere in the world Visa is accepted
