

POWERED BY
PRIORITY

MAKE PAYMENTS PROFITABLE.

IT'S EASY TO GET STARTED.

CPX powered by Priority is the streamlined integrated payables solution that:

- + Works with your current ERP
- + Processes all of your payment types from a single payment instruction file
- + Drives discounts, rebates and incentives back to your organization

Our experienced and best-in-class, consultative supplier activation team makes it both simple and strategic to optimize your spend.

GET READY...

Mutual Non-disclosure Agreement

Execute a simple MNDA so we can discuss your organization's needs, goals and objectives to ensure alignment and understanding.

Supplier Spend File

Share your spend file so Priority can deliver a detailed analysis and customized payment strategy that is best suited for your organization and your suppliers.

GET SET...

CPX Services Agreement

Confirm alignment on the recommended strategy and execute the CPX agreement.

Single Payment Instruction File (PIF)

Use the dynamic CPX file mapper to create a custom PIF for your organization in 5 minutes!

Supplier Activation & Outreach Campaign

Review and approve endorsement letters for your suppliers and identify sensitive suppliers to omit from the activation campaign.

GO!

Start Automating Payments & Earning Rebates

Time is money! The sooner you start the faster your organization will profit from CPX.
