Priority Technology Holdings Completes 2023 Level 1 Service Provider PCI DSS v3.2.1 Certification

Audit conducted by MegaplanIT Holdings, LLC and validated on December 30, 2023.

Alpharetta, Georgia. – December 30, 2023: Priority Technology Holdings announced today that it has successfully completed a 2023 Level 1 Service Provider audit for PCI DSS v3.2.1. The Attestation of Compliance was issued December 30, 2023, by a Qualified Security Assessor Company (QSAC), certified by the PCI Security Standards Council.

Priority Technology Holdings undergoes these efforts to ensure the organization securely aligns its policies, procedures, and technical systems to secure PCI, sensitive, and financial data. The annual assessment process requires detailed evaluation of key areas of the business including, but not limited to: Policies and Procedures; Network Data Flow Diagrams with Narratives; Documented System & Network Inventories; Physical/Environmental Security, Corporate & Third Party Data Centers; Internal & External Vulnerability Assessments; Internal, External & Application Penetration Testing; Encryption; System & Network Hardening Standards; Patch Management; Access Control; Data Storage; Wireless Network Analysis; Testing of Deployed Security Measures; Logging & Auditing; Security Monitoring; Incident Response. Adhering to industry standards validates that Priority Technology Holdings' security posture is in line with Information Security Best Practices.

With the 2023 completion of the Level 1 Service Provider PCI DSS v3.2.1 audit, customers have validation that Priority Technology Holdings processes and procedures operate at or above the latest industry standards.
